

**MEMBERS OF THE SCIENTIFIC COUNCIL  
HEALTH AND RADIOFREQUENCIES FOUNDATION**

**Ms. Martine HOURS**

Chair of the Scientific Council  
INRETS

Doctor epidemiologist, public health and occupational medicine specialist, WHO Interphone project team coordinator for France.

**Mr. Olivier BORRAZ**

CSO/CNRS

Director of research at CNRS in the Center of Sociology of the Organizations (Sciences Po - CNRS). He is a specialist in sociological analysis of risks.

**Mr. Lawrie CHALLIS**

MTHR (Mobile Telecommunications and Health Research Programme)

Emeritus Professor of Physics at the University of Nottingham. He was a vice-president of the Stewart committee on mobile telephony and health in the United Kingdom, then president of the MTHR since 2002. He is presently member of the HPA Advisory Group on not-ionizing radiations and administrator of the EMF Biological Research Trust.

**Monsieur Jean-Claude DEBOUZY**

CRSSA (Army health services research center)

Army medical officer, chief of the unit "cellular and molecular biophysics" of the CRSSA. He is member of the URSI, the BEMS, and takes part to OTAN commissions related to the radiations radio-radar (RADHAZ).

**Ms. Frédérique DE FORNEL**

CNRS

Director of Research at CNRS in Dijon, Near Field Optics team leader, a specialist of evanescent waves.

**Mr. Gérard LEDOIGT**

ERTAC

Professor at Blaise Pascal University (Clermont-Ferrand II). Founder and Director of the EA 3296 "ERTAC" Tumours and Cellular Self-monitoring (Blaise-Pascal University, since the 1/1/2000).

**Mr. Joël HAMELIN**

CSTI

Engineer, Electromagnetic environment specialist, Executive Secretary of the French committee of the International Union of Radio Science (URSI), and, since October 2001, Scientific Adviser to the Strategic Advisory Board on Information Technologies (CSTI) chaired by the French Prime Minister.

**Mr. Jean-Pierre MARC-VERGNES**

INSERM

Neurologist, researcher at INSERM in Toulouse on cerebral blood flow, brain imaging, and cognition. He has participated in the creation of National Ethics Days (Journées Nationales d'Ethique).

**Madame Astrid NEHLIG**

INSERM

Director of research at INSERM in Strasbourg. Her research relates to the development of the brain, the epilepsy, caffeine, cerebral blood circulation and the cerebral metabolism.

**Monsieur Jean PAILHOUS**

CNRS

Director of research at CNRS, in the Mediterranean Institute for Cognitive Neuroscience (INCM). A specialist of the magnetic stimulation of the cortex.

**Mr. Christian PERSON**

ENST Bretagne

Engineer in physics, Instructor/researcher at ENST in Brittany, Department of microwaves, a specialist of hyperfrequency systems and radiofrequency measurement methods.

**Mr. Tullio TANZI**

ENST Paris

Engineer, professor at ENST in Paris at the "Signal and Image Processing" Department, and risk management specialist.

**Mr. Paolo VECCHIA**

Superior Institute for Health

Physicist, Director of Research at the Superior Institute for Health, in Rome, Italy, in the Non-Ionizing Radiation group, Technology and Health Department. President of the International Commission on Non-Ionizing Radiation Protection (ICNIRP) and Member of the Coordination Committee of the COST281 action.

**Mr. Denis ZMIROU-NAVIER**

INSERM

Professor of public health at the Faculty of medicine of the Nancy I Henri Poincaré University. He heads the INSERM research team on "Evaluation and Prevention of Occupational and Environmental Risks". Honorary President of the Public Health French Society from 1992 to 1997, he was the Scientific Director of AFFSET from 2002 to 2005.
